

**HIGHLAND & MORAY SAILING 'SUCCESSFUL SAILING' – 27TH FEBRUARY 2010**  
**SPECTRUM CENTRE, INVERNESS**

**Supported by Coaching Highland**

The main intent behind this event is to provide sailors, instructors and coaches across all disciplines with the opportunity to develop their knowledge further, add to their tool box of teaching tricks, and to encourage networking between all the groups of instructors and sailors based in the Highland and Moray areas.

There is an EGM planned from 1000hrs; this is to approve a new constitution to move from Gaidhealtachd Sailing to 'Highland & Moray Sailing' which will represent a wider group of sailing communities and place a yet greater emphasis on development of all disciplines of the sport.

Included in the cost are the coaching fees and teas/ coffees, but we would ask that you bring your own lunch which helps to keep costs down.
